

# Memorandum

To Development, Heritage and Environment Manager, Ref:

From Environmental Health Manager,

Subject

2022/0967/FUL - Change of use of vacant indoor market to mixed use leisure and retail venue including all associated works.  
Ormskirk Indoor Market Moorgate Ormskirk Lancashire L39 4RT

28 November 2022.

Thank you for consulting me with regards to this matter.

I have reviewed the report titled "Ormskirk Market – Assessment of proposed hospitality venue at former Ormskirk Market, L39 3BH" carried out by ADC Acoustics Ltd, dated 10<sup>th</sup> Oct 2022, report ref ARR/C/3513.01.

At present the report contains insufficient information to support this application and would advise that the Agent/noise consultant contact the Environment Protection Team (Carol Pollitt) to discuss the concerns. The concerns relate to the mechanical plant and equipment and the proposed noise control of music from the proposed venue.
