Dear Mr Mickelborough,

Barn at Woodgate Lane

I write further to our recent discussions regarding the use of the barn at Woodgate Lane. I can confirm that my husband and I are the owners of this building and the adjacent agricultural parcel of land.

I can confirm that the barn and land have remained in agricultural use since we acquired the site in 2012. At that time the land and building was being tenant sheep farmed by WG Vant and Sons Ltd., which is a farming family based near Faversham. We have continued the relationship with the Vant family to date.

I provide my express consent for your prospective prior approval application for the barn to be converted into single dwellinghouses.

Yours sincerely,

Mrs K. Jones
