

LIGHTING AND LIGHT POLLUTION ASSESSMENT

Site Address: **6 Market Street, Cinderford, Gloucestershire, GL 14 2SD**

Ref: **P1567/23/ADV**

1.0 Description of Signage Proposals

The proposed lighting consists of the following types:

- **LED strip light with colour control**
Colour temperature: Multi colour
IP rating: IP68
Dimensions: Approx 8mm x 2mm
- **Black metal downlight**
Colour temperature: 3000K warm white/4000K natural white
Dimensions: 50mm x 30mm x 50mm

The downlights will be positioned with 0-degree tilt angle to prevent the spread of light outside the target area. Both proposed lighting will be on during regular opening hours of 9am – 11pm daily.
