***** REDACTED *****		
Surname

Details of the pre-application advice received		
Comments made by conservation officer to request paint removed from existing wall and to maintain visibility of existing dwelling, Pivet hedging requested. All of which have been incorporated within the revised application with the use of iron railing to maintain views and the incorporation of described planting.		
Tree officer: The installation of the fence will necessitate the removal of a small section of low quality hedge and the southern end of the fence will be in proximity to a protected Western Red Cedar. However given the low impact nature of the proposal, it is considered acceptable in relation to trees.		
Highways: The existing access would be maintained. The proposed gates would be set back into the site so that a vehicle could wait clear of the highway for the gates to open. No highway objections.		
Authority Employee/Member		
With respect to the Authority, is the applicant and/or agent one of the following:  (a) a member of staff  (b) an elected member  (c) related to a member of staff  (d) related to an elected member		
It is an important principle of decision-making that the process is open and transparent.		
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.		
Do any of the above statements apply?
