Description of Durance of Works
Description of Proposed Works
Please describe the proposed works
I'm looking to replace the property's current heating system with that of an Air-source Heat Pump. From what I understand there will be a small grey unit in the back garden attached to the back of the house. This'll connect to the new boiler system through the rear exterior wall, under the kitchen cabinets and into the same cabinet as the current boiler at the front of the house. This is to avoid having the exterior unit be visible from the street.

Details of the pre-application advice received
This is my first time doing anything like this and I wanted to check wether planning permission for something like this would be required or not as the advice on line isn't very clear cut for listed buildings and instead says to ask. Chris suggested I continue the process as I am now.
Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
