**40 Beulah Road, Royal Tunbridge Wells**

I give notice of my intention to instruct Marshall's Tree Services to carry out routine maintenance to trees in my back garden in accordance with permissions given in previous years, an example of which is enclosed.

I should add that I have always been keen to see pruning kept to the minimum consistent with prudent maintenance and that, over the years, work has rarely, if ever, reached the extent permitted. However, previous permissions, such as that enclosed, have provided a practical framework for Marshall's to exercise their specialist professional judgement, with good results.
