

## Visual Tree Assessment – Arboricultural Report

Location of Tree: 18 Spring Terrace, North Shields, NE29 0HQ (Back Garden)

T1 Sorbus Aucuparia (Mountain Ash)

### **Proposed works and justification:**

Permission is sought to crown reduce mountain ash by 2.5 metres and crown thin by 20% as the canopy of the tree is currently interfering with telephone wires as shown on supporting photograph.

---

### **Supporting Photographs:**

Photo 1 – Mountain ash to be crown reduced by 2.5 metres and and crown thinned by 10% as interfering with telephone lines
