Details of the pre-application advice received
Pre-app planning meeting with Heritage Officer Amy Ridding, City Archeologist David Radford and Historic England Officer Rachel Fletcher. Proposals for locating the ground source heat pump array were discussed in principle with David Radford. A WSI was prepared by Oxford Archeology and submitted to David prior to works starting. Following detailed discussions it was agreed that an archeological watching brief would be appropriate for the first phase of the heat pump installation comprising the bore hole array, the headering pipes and the manifold chamber. The locations were submitted as part of the WSI.
Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following:  (a) a member of staff  (b) an elected member  (c) related to a member of staff  (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
Do any of the above statements apply?
