Details of the pre-application advice received

Pre-application was received on 11 April 2022 for the replacement dwelling and the advice sheet with the planning officers comments was returned on 26th September 2022. In summary the comments noted the following;

- The principle development as a residential development would be acceptable at the officer's level as it is a replacement dwelling scheme.
- The site is well screened by hedges and the replacement dwelling is unlikely to urbanise the frontage.
- The planning officer was cautious about having new development within the RPZ of a mature tree.
- The ancillary garage building should have consistent design with the main building and renovation works should be included in any forthcoming planning applications.

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
