PLANNING

Proposed Ground Floor Plan
scale 1:100

Proposed First Floor Plan
scale 1:100

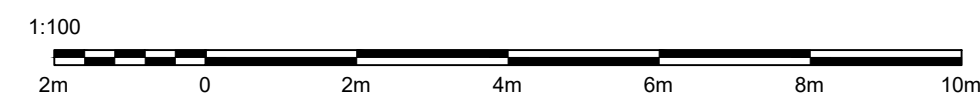

In order to comply with Approved Document B - Fire Safety, all habitable rooms must lead to a final exit. This is either a door leading directly outside or via a window.
Restrictors to be changed on all windows on front elevation to enable windows to open fully for means of escape

Extension no.1:

Less than half of the width of the original dwelling.
Less than 6.0m depth & no higher than 4.0m high.

Extension no.2:

Rear extension only which does not connect to extension 1.
Extension does not exceed 6.0m in depth and 4.0m in height.
