There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.

### Description

Please describe details of the proposed development or works including any change of use

Unit 1B change of use from Class B2 to Class E(d).

Note that the B2 classification may be incorrect as B1c is a more accurate classification of the previous occupant.

This is supported by the Local Planning Authority's description of the whole site:

'Quayside Business Park, which is safeguarded for light industrial uses (Class B1(b) and B1(c)) under saved policy RE111(i) of the City of Southampton Local Plan Review (as amended 2015)'.

This suggested that the 2020 class changes meant that Unit 1B is actually Class E.

This was the Owner's understanding and why no Change of Use application was made. This application is only being submitted as the Council have requested that the B2 use be changed. We believe that this is an error.

Has the work or change of use already started?

Yes

No

If yes, please state the date when the work or change of use started (date must be pre-application submission)

Has the work or change of use been completed?

## Existing Use

Please describe the current use of the site

Unit was previously used by a metal fabricator/welding company. Class B1(c). However, class changes in 2020 indicate that this is now class E(d)

The Local Planning Authority have requested a change of use from Class B2 to Class E(d).

Note that the B2 classification may be incorrect.

This is supported by the Local Planning Authority's description of the whole site:

'Quayside Business Park, which is safeguarded for light industrial uses (Class B1(b) and B1(c)) under saved policy RE111(i) of the City of Southampton Local Plan Review (as amended 2015)'.

This suggested that the 2020 class changes meant that Unit 1B is actually Class E.

This was the Owner's understanding and why no Change of Use application was made. This application is only being submitted as the Council have requested that the B2 use be changed. We believe that this is an error.
