Dear Alex

Thank you for submitting a tree works application for the above location.

To allow me to register your application please could you provide the following information.

As the “yes” box has been ticked to indicate the tree is diseased or you have fears it may break or fall, please could you provide a written report to justify the extent of the work in relation to the safety concerns.

If you can email me this information I will add it to your application. Please do not amend your application via the Planning Portal as these changes do not come through to us.

I have attached your application for reference.

Regards, Sarah
