TREE SURGERY

Arboricultural statement for development at Langside Sports Club
34-36 Kintore Road
Langside, Glasgow
G43 2HA

The redevelopment of the existing cricket nets on the south eastern side of the sports ground will have no affect on any of the trees in the vicinity. There is no issue from unavoidable or accidental damage to the trees, rooting area or lowest branches. As a precaution, the contractor will be made aware of materials or heavy machinery being left or parked around any of the nearby trees. Aside this measure, there is no need for any arboricultural method statement or BS5837 surveying.
