 Existing structure
 Proposed structure

0 1 2 3 4 5m

NOTES
 1. Do not scale from these drawings, use figures dimensions only.
 2. Any discrepancies between drawings and the site to be reported to the architect immediately.
 3. Dimensions critical to existing building works and must be checked on site before work commences, as certain assumptions have been made due to lack of accessibility and structural in the existing building.
 4. It has not been possible to make a detailed examination of the floor and roof construction, etc. (except of the portions described) because material damage would have been caused in gaining access therefore, it is not possible to make any statement about the condition of the unsurveyed structure, hence assumptions have been made.
