Julie was absolutely fantastic in helping and advising what needs to be done. Julie has advised the following : Due to removal of permitted development rights on your property 43 Taylor Way, the original planning permissions relating to the property state. " When provided the approved space for the parking of vehicles shall be retained as such". Therefore by converting the garage to a habitable room and extending it forward as you indicated it would deplete a car parking space and also be classed as a front extension, hence the requirement for planning permission. If a space is being removed by converting the garage then you will need to demonstrate where within the boundary of the property the vehicle that would normally be housed in the garage can now be parked.

## Authority Employee/Member

**With respect to the Authority, is the applicant and/or agent one of the following:**

**(a) a member of staff**

**(b) an elected member**

**(c) related to a member of staff**

**(d) related to an elected member**

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

No
