CONDITIONS

Conditions

- 1. This agreement shall constitute the whole contract between the Company and the Purchaser and may not be amended or varied except by a document signed by the Purchaser and an Officer of the Company.
- 2. The Purchaser shall be regarded as having no representation made by or on behalf of the Company before the contract was entered into, which in any way induced him to enter into the contract except that this shall not apply in the case of a representation in writing and signed on behalf of the Company and delivered to the Purchaser prior to signing the contract.
- 3. The Company will not carry out those items unspecified in the Contract and shall not be responsible for works either promised or implied unless written into the Contract.
- 4. Time is not the essence of this contract. At any time or date specified by the Company as the time at which or date on which goods will be delivered and / or installed is given in good faith but is given and intended as an estimate only and the Company shall not be liable for any loss damage of expanse whatsoever arising from the delay in delivery and / or installation.
- 5. The Purchaser shall permit the Company, its servants and agents to have access to the installation address at all reasonable times in connection with the installation.
- 6. The Company reserves the right to request a collection charge of 2.5% compounding interest per month on all outstanding balances and any costs incurred in recovering them.
- 7. In no way will the Company guarantee by itself or its representatives that condensation can be eliminated or reduced.
- 8. All glass is the best obtainable, but the glass manufacturers will not guarantee against minor imperfections and the Company cannot be held liable for such imperfections. A copy of the Glass and Glazing Federation Guidelines for Visual Quality Standard for Insulated Glass Units can be provided on request.
- 9. All units supplied and fitted by our Company carry the manufacturer's guarantee provided the goods have been paid for as per contract. The Company shall replace free of charge any item proven to be faulty or to have been installed incorrectly. The Company cannot be held responsible for normal "wear and tear", including door locks, handles, hinges, letterplates, cat-flaps, accidental damage, misuse or failure by the customer to comply with routine maintenance as per Company advice regarding lubrication and adjustment.
- 10. The Company will not accept any responsibility for planning permission or buildings regulation approvals or disputes between local authorities unless contracted to do so and noted on the Contract.

CONDITIONS

- 11. All descriptions, specifications, drawings and illustrations in Sellers catalogues, price lists and other advertising matter shall not form part of the contract.
- 12. The Company reserves the right to cancel this Contract should our surveyors report prove unsatisfactory whereupon the deposit will be repaid in full.
- 13. The Company reserves the right to amend the Contract price should the Company surveyor so advice because of the nature of the work, but in this case the Purchaser shall have the option, within three days of being notified of amended price, to rescind the Contract.
- 14. The Company or its servants will be in no way responsible for structural defects in the property before or during the installation.
- 15. If, at the Purchaser's request, the Company is unable to carry out the installation as detailed within 28 days of first offering to carry out the work, the Company reserves the right to make an additional charge for inconvenience and storage.
- 16. Proportions of these windows and the opening and fixed elements within them are for guidance purposes only and do not form part of the Contract.
- 17. The Company undertakes to remove from the site all rubbish resulting for the installation.
- 18. If necessary, the customer shall at his own expense, remove or re-site prior to installation any gas, electrical, or plumbing installations and connections.
- 19. The Company undertakes to restore the surroundings to the windows and/or doors to a sound and weatherproof condition following installation, but the Company does not undertake to restore or match the state of decorative repair paint work or wallpaper where this has been unavoidably disturbed during installation, nor defective plasterwork, render, pebbledash or special type coatings around windows and doors.
- 20. The products stay the property of the Company until fully paid for.
- 21. All units supplied and fitted under commercial contract to be guaranteed for a one-year period only. To include parts and labour, provided conditions are applied as in clause 9.
- 22. The Company cannot be held liable for additional labour costs incurred by independent builders for unforeseen work associated with the installation of our products.
- 23. The Customer has the right to cancel this contract if he / she wishes by writing a cancelation notice within seven days of this signed agreement. Cancelation should be communicated by post or e-mail.

Welcome to One Collection

One Collection uPVC windows and doors are crafted with care and precision by award-winning manufacturer Everglade Windows.

Established in 1980, Everglade Windows has spent the last four decades perfecting manufacturing techniques, developing the highest performing products and investing in the latest software and machinery technology. The result is one of the most forward-thinking, technologically advanced window and door manufacturers in the UK.

Every single One Collection window and door is made and quality-checked in-house before delivery, for sensational performance and aesthetics to suit any home.

Be at one

One Collection Windows and Doors

When it comes to selecting the right products to enhance and protect your home, you want to be sure you're making the right choice.

Beautiful, stylish, expertly made, our uPVC Flush, Chamfered and Ovolo windows and doors strike the perfect balance between energy efficiency, security and design.

7

OC Flush

Flush casement windows are characterised by openers that close into the frame, and finish flush with the face of the window, to replicate timber style windows.

OC Chamfered

The Chamfered sash has a straight edge finish and outward opening sashes, which stand proud of the face of the window frame and looks sharp yet subtle.

OC Ovolo

Ovolo sash windows feature a rounded finish and outward opening sashes, which stand proud of the face of the window frame, and are the more typical style found in houses today.

What makes our windows so unique?

One Collection windows & doors offer superb, contemporary styling with high-performance features to protect your home.

Style

One Collection windows and doors offer all the low-maintenance, highperformance benefits of uPVC with beautiful styling to complete any home. Old or new, contemporary or traditional, there's a One Collection uPVC window or door to perfectly fit your home.

Choose from a stunning range of colours and finishes, including woodgrain options to mimic original timber and a selection of greys for that ultramodern, architectural look.

Performance

To keep the elements outside, we use high-performance, multi-functional weatherseals. These airtight seals maintain the comfort levels of your home.

OC Flush windows feature an exceptionally watertight dual seal system which has an additional benefit of concealing hardware for cleaner aesthetics. It also features an integrated drainage gutter so any water that may find its way into the seal is quickly eradicated.

ONE COLLECTION

Security

There's no compromise when it comes to security. The bespoke locking keep has a useful night vent locking position and also helps to achieve enhanced security accreditation PAS 24, a British Standard all of our One Collection products have achieved. Furthermore, all One Collection windows and doors can carry the Secured By Design certification.

of mind.

Our wide range of modern, contemporary and period style windows incorporate the latest built-in safety features, including internal glazing beads and multipoint locking systems.

To provide enhanced resistance to forced entry, our windows can be fitted with a hinge protector device between the frame and the sash opener. For doors, the latest anti-bump, anti-snap, key locking cylinders are fitted to further enhance performance.

Conservation

transform your home.

If you live in a conservation area, home improvements such as replacing your windows and doors will require planning consent as there are strict guidelines to ensure that architectural features are preserved.

One Collection windows & doors have been designed with this in mind; replicating the appearance and style of traditional timber windows with features such as our authentic woodgrain finish, Monkey Tail Handles and Georgian Bar options. However, you should always obtain consent from a planning or conservation officer before proceeding with an installation.

Secured By Design is the national UK crime prevention initiative, which helps protect you and your property for complete peace

Flush and Ovolo windows look great in any surrounding, from country cottages to modern townhouses. Their subtle charm and elegance will

OC Flush Windows

Designed to replicate the appearance of timber, OC Flush windows are distinguished by sashes that close into the frame and finish flush with the face of the window.

Flush windows typically have frames that appear the same width, known as 'equal sightlines'. This look is achieved using dummy sashes, something that undoubtedly improves the overall appearance of your property.

OC Chamfered and OC Ovolo Windows

OC Chamfered and OC Ovolo windows feature outward opening sashes, which stand proud of the face of the window frame, and are the more typical style used in homes you see today.

For that period property look, both Chamfered and Ovolo windows can also feature a dummy sash. This simple but effective upgrade to achieve 'equal sightlines' can really enhance the beauty of your home.

OC FLUSH WINDOWS

One Collection Flush windows and doors combine the elegance and style of traditional timber with all the benefits of uPVC.

Its unique, unrivalled aesthetic appeal makes this range the most attractive suite of windows and doors on the market today.

- Sleek slimline frames
- Dummy peg stay option
- Exquisite Georgian bar option
- Traditional hardware options
- · High energy rating and weather performance
- Enhanced security PAS 24 Approved
- Double or triple glazing available
- Low maintenance uPVC frames
- Available in a range of colours and woodgrain finishes

Super Efficient

Compared with aluminium or wood, uPVC windows are low maintenance, have better insulation values and are able to reduce energy and heating costs.

Perfect for Conservation

Flush external appearances are in keeping with period properties and also meet the requirements of most conservation areas.

Sound-Proof

Glazing options to maximise energy efficiency and sound proofing.

Safe and Secure

For total peace of mind, our One Collection Flush windows come with multipoint locking as standard.

С

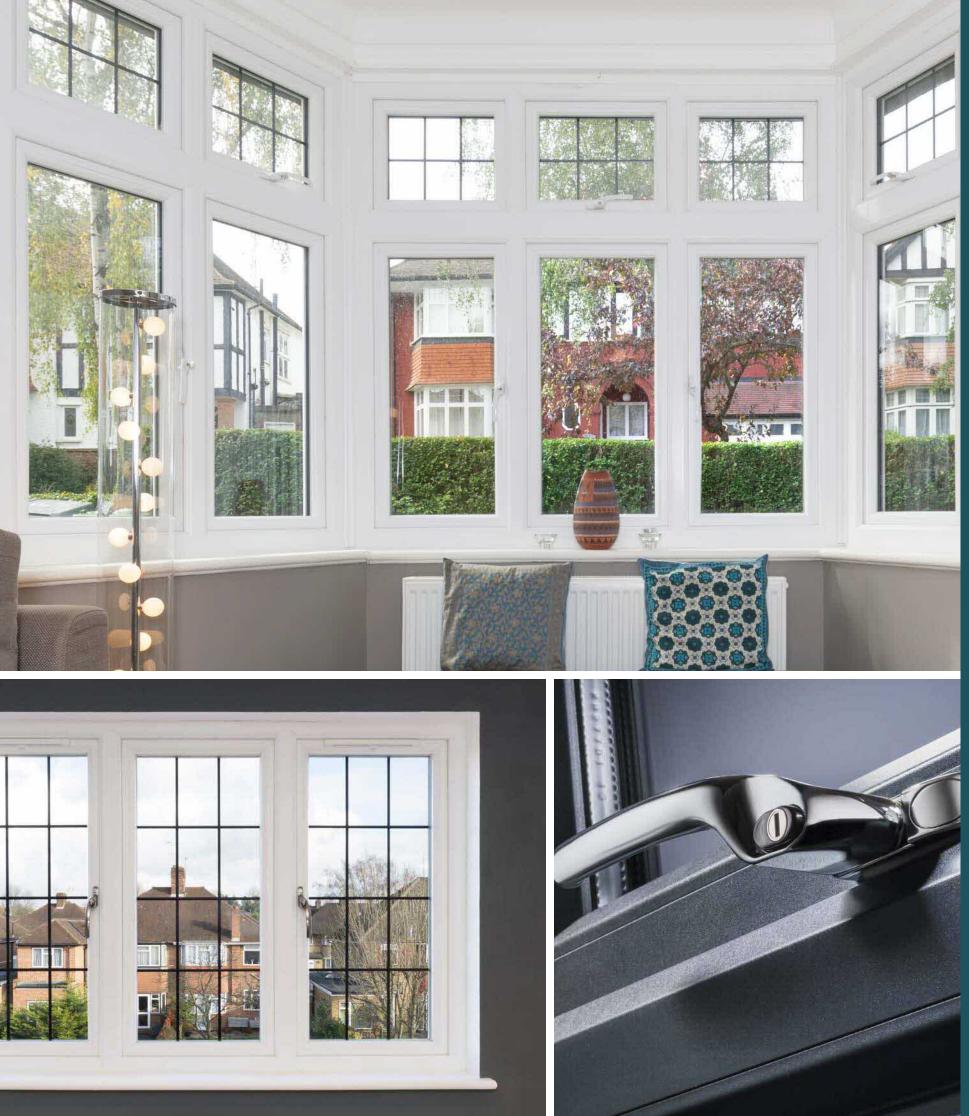

OC CHAMFERED WINDOWS

The beautiful Chamfered shape adds a stylish elegance to both windows and doors, inside and out, featuring outward opening sashes, which stand proud of the face of the window frame and looks sharp yet subtle.

Chamfered profiles integrate easily in all types of architecture and design with a range of colours and finishes that ensure you can find the perfect window for your home.

- Smooth and stylish frames •
- Exquisite Georgian bar option .
- Traditional ironmongery options •
- High energy rating and weather performance •
- Enhanced security PAS 24 Approved •
- Double or triple glazing available •
- Low maintenance uPVC frames ٠
- Available in a range of colours and finishes •

Super Efficient

Compared with aluminium or wood, uPVC windows are low maintenance, have better insulation values and are able to reduce energy and heating costs.

Your Ideal Home

The One Collection Ovolo sash sits perfectly in any property, whether a modern town house, a quaint country cottage or even a period home.

Sound-Proof

Glazing options to maximise energy efficiency and sound proofing.

Safe and Secure

For total peace of mind, our Ovolo windows come with multipoint locking as standard.

OC OVOLO WINDOWS

today.

ONE COLLECTION

One Collection Ovolo windows feature outward opening sashes, which stand proud from the face of the window frame and are the more typical style found in houses

This range is ideal for period properties and those who want to add character and enhance the appearance of their homes. The stunning and individual aesthetic of this range makes it a market leader.

Unique sash horn options

- Exquisite Georgian bar option
- Traditional hardware options
- High energy rating and weather performance
- Enhanced security PAS 24 Approved
- Double or triple glazing available
- Low maintenance uPVC frames
- Available in a range of colours and woodgrain finishes

OC OVOLO WINDOWS - DECORATIVE SASH HORNS

The addition of a Decorative Sash Horn detail can recreate the look of a traditional box sash, but with modern acoustic and weather performance.

The One Collection Ovolo Decorative Sash Horn is ideal for those who wish to maintain a traditional finish.

Its authentic 'run-through' style enhances the window, creating a finishing touch that's almost seamless.

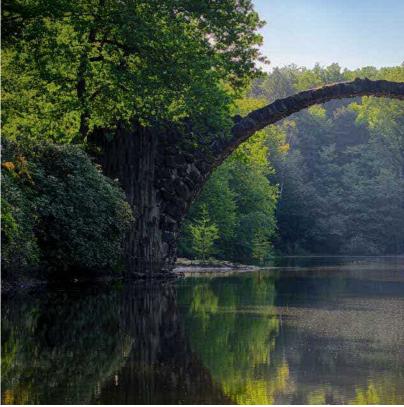

Despite its intricate design, the unique two part moulding is very robust, borrowing its core design from our tried and tested Flush sash mechanical joint.

ONE COLLECTION

Energy Ratings and Weather Performance

One Collection windows & doors combine the elegance and styling of traditional timber windows with all the benefits of uPVC. They are virtually maintenance free and keep the warmth in and unwelcome visitors out.

Performance

One Collection windows and doors have undergone stringent testing to prove their energy efficiency for your home. Every window has been tested for watertightness, air permeability and wind resistance so you can be confident that new One Collection windows will improve the energy efficiency of your home.

One Collection windows and doors can also benefit from a cleverlydesigned dual seal, which features an integrated drainage gutter, to quickly eradicate any water that may find its way into the seal.

Insulation

One Collection window and doors feature some of the lowest U-Values on the market. The lower the U-Value, the better the thermal performance. One Collection windows have a U-Value of just 1.2 W/m^2K with a double glazed unit.

Weather Test Results	Top Hung Casement (Flush sash)	Side Hung Casement (Flush sash)	Top Hung Casement	Side Hung Casement

One Collection Doors

Designed to offer a perfect match with One Collection windows, One Collection doors feature top-level security features and a range of design options.

Outstanding Performance

One Collection doors offer excellent security and energy efficiency for your home. They have been designed to meet the stringent requirements of PAS 24 and Secured by Design accreditations, and are available in a range of opening configurations to suit your property.

Whether you're looking for a sliding patio door, single rear entrance or a French door, One Collection has an option for you!

ONE COLLECTION

Protection and Security

Protecting our families and our material possessions is also important, so it's good to know feeling safe and secure in our homes can be as simple as choosing the right doors and windows.

One Collection's superior manufacturing combined with high security hardware gives you that peace of mind.

Every effort has been made to ensure your new windows and doors keep both your home secure and any undesirable element out. To support this claim, the One Collection range of products has achieved PAS 24 enhanced security performance requirements for doorsets and windows in the UK.

One Collection Windows and Doors

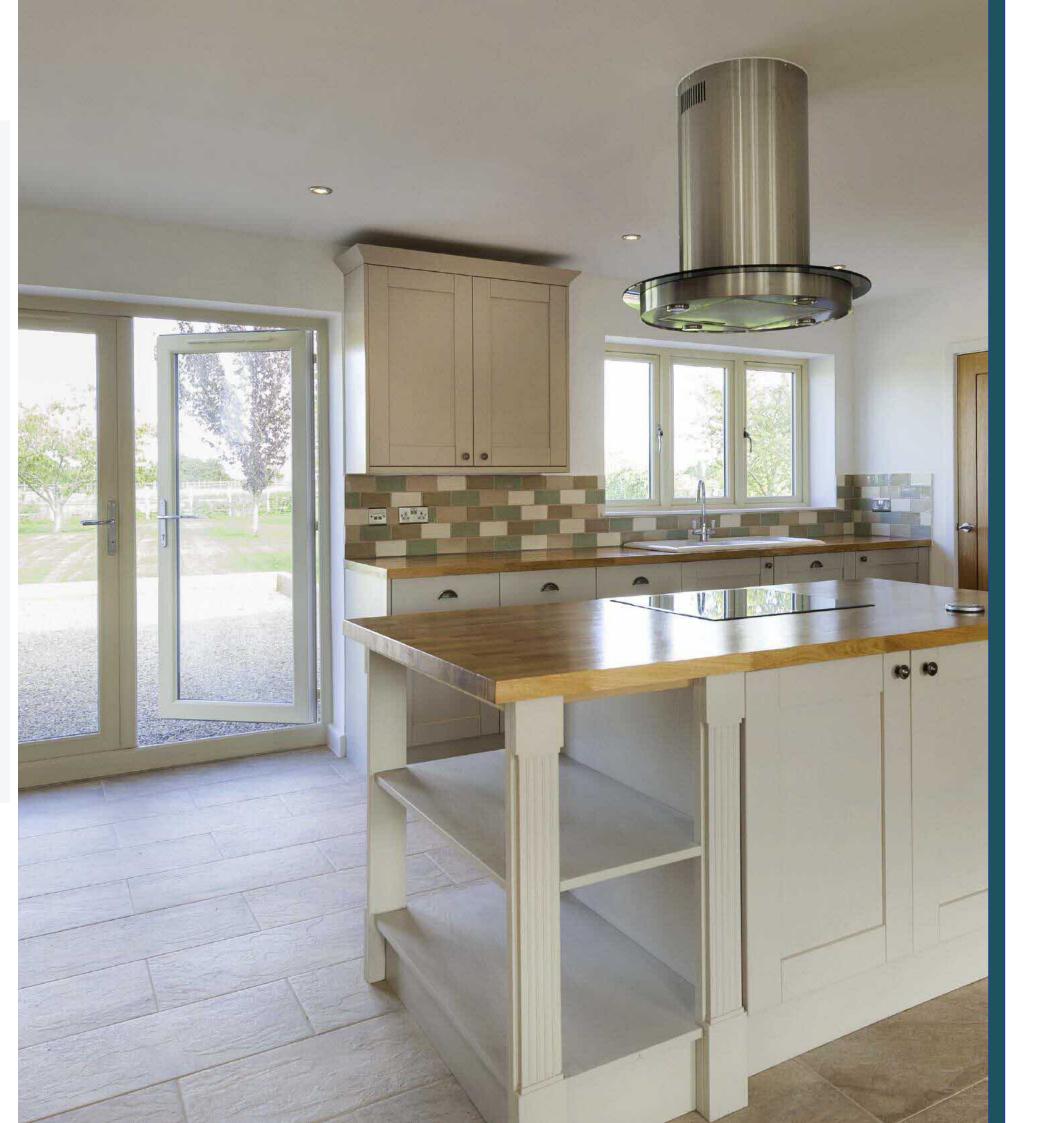

Every product Everglade Windows manufactures is made with care and expert precision across two manufacturing facilities in West London. They have been awarded BS EN ISO 9001:2008 for the manufacture of uPVC and aluminium windows and doors.

Everglade Windows practices lean manufacturing, to improve efficiency and reduce waste. The production facility offers an impressive balance of automation backed by the human touch –a workforce of fully trained specialists.

Manufacturing automation is backed by years of product knowledge. Everglade Windows' skilled crafts-people and support team collectively have formal qualifications in Customer Service, Lean Techniques and Window Manufacturing.

Everglade Windows is dedicated to reducing its impact on the environment. It operates under the ISO 14001:2016 Environmental Management System and is committed to reducing waste and recycling. uPVC material for One Collection windows is sourced in the UK and Everglade Windows invests in the latest road transport models to reduce emissions and lower its carbon footprint.
