Materials	External colour
Composite insulated tin roof	colour to match the sides in either; anthracite grey, green or white

Has an agricultural building been constructed on this unit within the last two years?
 Yes No
Would the proposed building be used to house livestock, slurry or sewage sludge?
○ Yes ② No
Would the ground area covered by the proposed agricultural building exceed 1000 square metres?
○ Yes ② No
Please note: If the ground area covered exceeds 1000 square metres it will not qualify as Permitted Development and an application for Planning Permission will be required.
Has any building, works, pond, plant/machinery, or fishtank been erected within 90 metres of the proposed development within the last two years? Yes No
The Site
What is the total area of the entire agricultural unit? (1 hectare = 10,000 square metres) 125.0
Scale
Sq.metres
What is the area of the parcel of land where the development is to be located?
Less than 0.4
Hectares
How long has the land on which the proposed development would be located been in use for agriculture for the purposes of a trade or business?
Years
21
Months
0
Is the proposed development reasonably necessary for the purposes of agriculture? ② Yes ○ No
If yes, please explain why
Currently food is stored within our shop which is a green house, every 20 feet we have a gutter and the whole gutter drips, creating very little unuseable space for food storage. All foods, packaged or lose get damp in the winter and it does spoil regularly, in the summer all food sweats and spoils. This not only has an effect on the cost of the feed but also if not carefully managed would poison the animals.
Is the proposed development designed for the purposes of agriculture?
✓ Yes✓ No

If yes, please explain why	
Its purpose is to safely store animal feed.	
Does the proposed development involve any alteration to a dwelling? O Yes	
⊙ No	
Is the proposed development more than 25 metres from a metalled part of a trunk or classified road? ② Yes ○ No	
What is the height of the proposed development?	· · · · · · · · · · · · · · · · · · ·
5.5	Metres
Is the proposed development within 3 kilometres of an aerodrome? ○ Yes ○ No	
Would the proposed development affect an ancient monument, archaeological site or listed building or would it be within a Site of Special Solution of the proposed development affect an ancient monument, archaeological site or listed building or would it be within a Site of Special Solution of the proposed development affect an ancient monument, archaeological site or listed building or would it be within a Site of Special Solution of the proposed development affect an ancient monument, archaeological site or listed building or would it be within a Site of Special Solution of the proposed development affect an ancient monument, archaeological site or listed building or would it be within a Site of Special Solution of the proposed development affect an ancient monument, archaeological site or listed building or would it be within a Site of Special Solution of the proposed development affect an ancient monument, archaeological site or listed building or would it be within a Site of Special Solution of the proposed development affect an ancient monument, archaeological site or listed building or would it be within a Site of Special Solution of the proposed development affect an ancient monument, archaeological site or listed building or would be solved as a site of Special Solution of the proposed development affect an ancient monument affect and archaeological site or listed building or would be solved as a site of Special Solution of the proposed development affect an ancient monument affect and archaeological site or listed building or would be solved as a site of Special Solution affect and archaeological site or listed building or would be solved as a site of Special Solution affect and archaeological site or listed building or would be solved as a site of Special Solution affect and archaeological site of Special Solution a	Scientific
