Concerns regarding the proposed schemes impact on the character of the dwelling and wider street scene, including: - The depth of the two storey rear extension - It is considered that the proposed works to the roof by virtue of their cumulative impact would significantly increase the elevated bulk and massing of the property resulting in a 'top heavy' appearance which, compared to the immediate neighbours would appear incongruous within the streetscene. - The proposed level of fenestration. It is advised that the level of glazing is reduced to reduce any potential sense of overlooking into No.121 to the south. - The proposed landscaping works, in particular he height of the raised patio area to the south of the dwelling. - It is advised that any future formal planning application should be informed and accompanied by an Arboricultural Impact Assessment (including tree survey, method statement and tree protection plan).
Authority Employee/Member With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member It is an important principle of decision-making that the process is open and transparent. For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority. Do any of the above statements apply? Yes No
