

RESPONSE LETTER : PARKING PROVISION

Project address:

142 Crystal Palace Road,

London

SE22 9ER

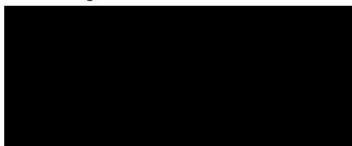

Overview:

This request is for a single storey rear and side extension and the proposal does not seek to alter the existing vehicle or parking provision or requirements.

It is important to highlight that the proposal aims to enlarge the current kitchen and dining areas and does not include the addition of extra bedrooms to accommodate more occupants. As a result, the existing parking requirements are expected to stay unchanged.

Given the scope of this request, it is believed that no additional information will be necessary for validation.

Kind regards

Youno Eugene Kim

Managing Director
