Report Suspicious

Hello Sarah,

Please can you tick the box "No" for me.

The area where the trees are located, as is the rest of the school, has many trees, of various stages of life, the ones that are being felled are diseased and will die eventually, though the area they are in will naturally allow others to take their place, The school has recently planted 200 mixed tree saplings as part of a school project around the school. Though we are happy to replace any trees if needed as per the planning permission.

I shall fight Adobe software and send a new plan for the other planning application later.

Many thanks,

Shaun.

Dear Mr Gray

Thank you for submitting the attached tree works application.

To allow me to register your application, as you are applying to fell TPO trees, please could you provide your proposals for replacement trees or reason for not wanting to replant.

Could you also confirm for Alleged Damage to Property if the "yes" or "no" box should be ticked.

If you can email me this information I will add it to your application.

Regards, Sarah

Sarah Dennis
