

Existing Front Boundary Elevation

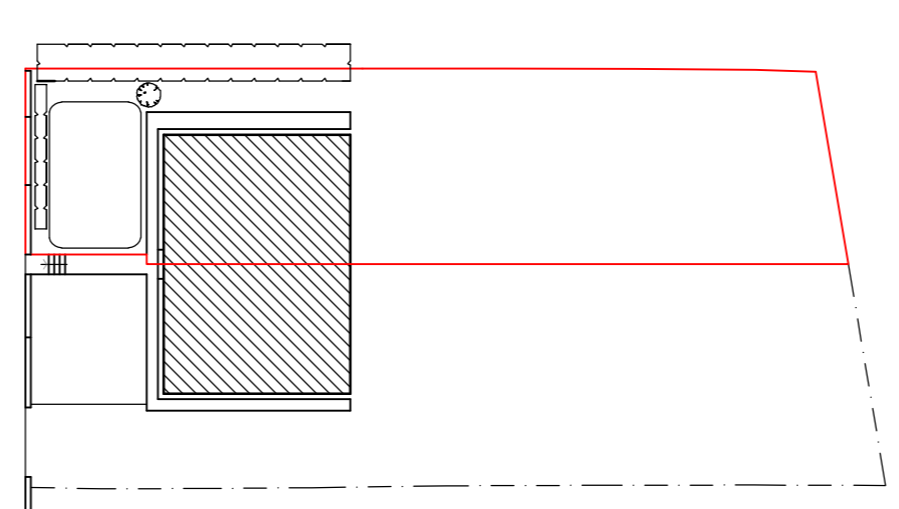

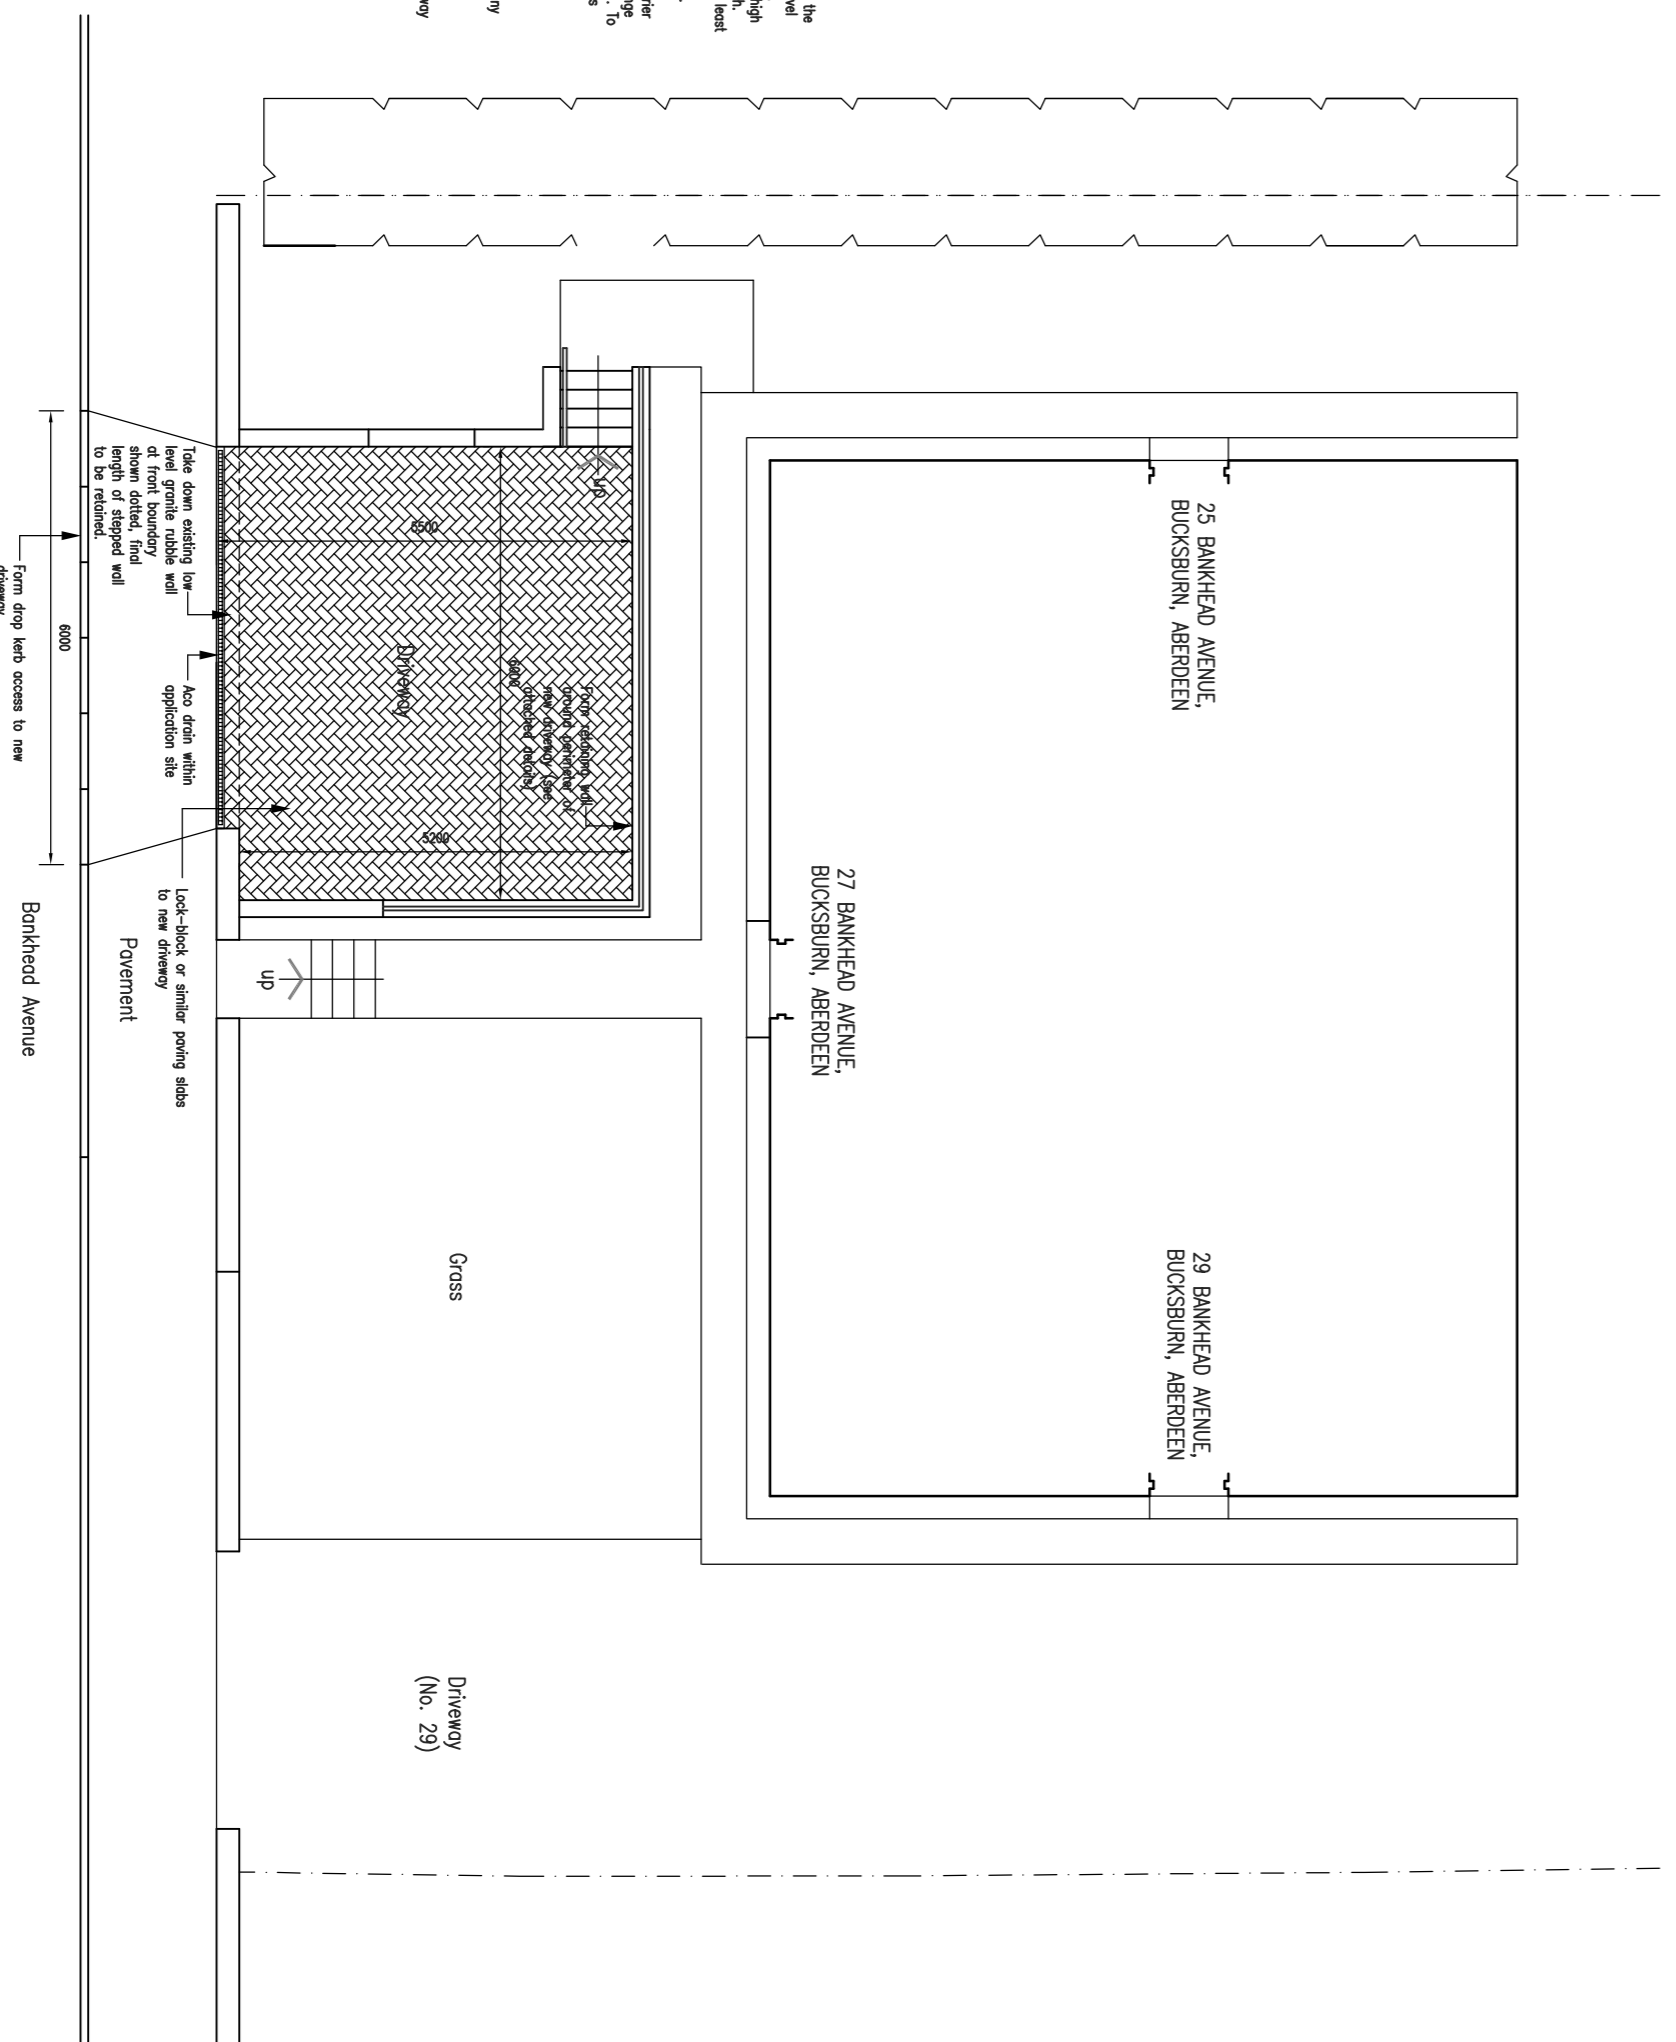

Proposed Front Boundary Elevation

Retaining Wall Detail 1:20

As the owner is applying for the planning permission for the proposed new driveway, the existing 1000mm wide, 1000mm deep, 100mm high, 100mm wide concrete driveway is to be replaced by a new 2000mm wide, 100mm high, 100mm wide, 100mm deep concrete driveway. The new driveway is to be laid on the existing concrete slab and is to be finished with a smooth surface. The new driveway is to be laid on the existing concrete slab and is to be finished with a smooth surface. The new driveway is to be laid on the existing concrete slab and is to be finished with a smooth surface.

Existing Block Plan 1:200
