

Heritage Statement

Proposed new driveway and dropped kerb, 21 Hitches Lane, Crookham Village, Fleet, Hampshire, Gu51 5SW

Reference – 23/02578/HOU

Date 20/12/23

This application for a dropped kerb at 21 Hitches Lane, Crookham Village, Fleet, Hampshire, Gu51 5SW is a semi-detached house. There are a mix of similar properties within the immediate vicinity. The picture below shows the existing driveway without dropped kerb and the location of the proposed driveway/dropped kerb.

The proposed additional dropped kerb would remain in keeping with, and preserve the character of the conservation area. There are a number of other driveways/dropped kerbs for other properties within the immediate vicinity of this proposal. For this application therefore, it is felt that the dropped kerb would not have any significant effect on any heritage assets. The in/out arrangement would improve the safety of vehicles entering the roadway since there would be no further need to reverse onto the roadway.
