Revisions:	Date:	Revised:
A	12/23	Final amendments prior to submission

Comments/Notes:

- All work must be completed by suitably skilled operatives who have the appropriate training, experience, tools and access for the job.
- written construction phase plan prepared.
- Whilst completing the work the builder/contractor should comply with all associated services which is to then be given to the homeowner on completion.
- provisionary notices for listed services in the vicinity. These when on site scans should be made prior to start.
- access provided and safety provisions in place. All scaffolding to have a written confirmation that the scaffolding has been designed and erected in accordance with the relevant standards.
- Care should be taken to ensure the site is appropriately enclosed at all times to both the occupants of the dwelling and the general public.
- Contractor, Builder, and Client (including domestic clients). For all parties on the project. This includes Principal Designers.
