# RR101B - Half Round Gutter 4m Length.

Our rainwater systems range offers a comprehensive selection of rainwater solutions. Practical options that don't just provide the correct technical solution, but also offer versatile aesthetic options for both residential and light commercial use. With nine different profiles with five colour alternatives, the choice makes it easy to find a matching product for any new build or replacement project. It also includes high capacity rainwater systems and the premium Elegance range – our PVCu alternative to classic cast iron that looks virtually identical but can be installed with a lot less of the old fashioned hard work.

**Product Code** RR101B

**Sector**  ▾

**Size** 112MM

**Colour**   Black

## Technical Information

<b>EAN No:</b> 5022733012391	<b>Gross Weight Kg:</b> 2.388	<b>Width mm:</b> 50	<b>Material:</b> PVCu
<b>Sales UoM:</b> EA	<b>Net Weight Kg:</b>	<b>Length mm:</b> 4000	<b>Kitemark:</b>

Volume m3: 0.0083 2.3880
