This development does not appear to affect the nearby public right of way AAS 9 which runs parallel with the Southern property boundary and AAS 13 that runs parallel to the Western property boundary to this property. The Footpath should not be obstructed by vehicles, building materials or construction work at any time, maintaining and safeguarding public access at all times. If there is any suggestion that it will, whether through a need for a temporary closure or permanent diversion then contact should be made with the PROW team at the earliest opportunity.
