The proposed dwellings would constitute 'infilling' so the overall principle of two houses on this area of land is considered to be acceptable. The scale, design, details and materials of the proposed buildings emulate a pair of modest cottages in the Cotswold vernacular. It is likely that such a design would assimilate well with the surrounding architecture. The location of the two proposed dwellings is logical and would form part of the street frontage. It is likely that such a layout would assimilate well with the existing context.
Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following:

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
