Use of Garden at Roughwood, Shalden

To whom it may concern

- We have known the occupants of Roughwood for more than 20 years
- We both have families (they have 3 children we have 4) and they are in the same age group and are very close friends who spend a good amount of time and very much enjoy each other's company.
- Over the years we have spent many happy days and evenings at the Hegts taking advantage of the large open garden to the rear and sides of the house.
- I have highlighted a few stand out events for your reference
 - Bonfire night 2009
 - Shalden olympics party 2012
- Joint birthday party with numerous sporting and party games in the garden August 2015
- * New Years eve party and fireworks 2019

Ever since the  have lived at Roughwood, the entire garden has always been used for recreation, and not for anything else.
