The site is the home of Ascot United Football Club, which is located to the north of Royal Ascot Racecourse and Ascot Golf Course, which lies to the west. This planning application is for a replacement entry kiosk, with a formal two-point entry turnstile and erection of additional grandstand with 50 seats. Both structures proposed would be temporary in nature and can therefore be moved around or removed from the site. Ascot United is a community football club with over 1000 members. The men's first team have won a promotion and will now move from playing Step 5 football to playing Step 4 football. These are steps defined by the Football Association and at each of these steps there are different facilities required. The proposed works are required in order to play Step 4 football. There is no change of use There is also the possibility that the team could be promoted to Step 3 football at the end of the year, and this would require further covered seating (likely 2 x 75-seater covered stands). Whilst this is not actively being looked at at this stage, planning permission sought on the erection of 2 x 75 covered seating stands, instead of 1 x 50. The proposed two-point entry turnstile would measure 2.6m x 2.0m (height of 2.6m), the concrete base would be 2.8m x 2.2m. The proposed 50-seater covered stand would measure 6.7m x 3m (3m high). This would stand on a concrete base measuring 7.1m x 3.4m. The total site is 1.7Ha but the area for the new temporary buildings is 23.6 sq metres (grandstand 17.5sqm, turnstile 6.2sqm). It is a very small part of the total area Has the work or change of use already started? Pre-application Officer Report (extract)	
9 October 2023 Planning Victoria Burdett Officer:	
Proposal - Replace existing entry kiosk with a two point entry turnstile. Erection of an additional grandstand with 50 seats. Advice required for possible further 2 No. 75 seater covered stands.	
Location = Ascot United Football Club Winkfield Road Ascot SL5 7LJ	
1.1. In summary I advise:	
i The proposed development comprising of a replacement entry kiosk and an additional covered seating grandstand is likely to constitute an appropriate form of development in the Green Belt.	
ii The proposed siting, size and design of the structures are considered to be acceptable in context with the character and appearance of the application site, and the wider area.	
iii The proposed development is not considered to have any impact on neighbouring properties.	
iv It is advised that details of drainage, parking and biodiversity net gain will be required with any forthcoming planning application.	
1.2 For these reasons I would support the proposal if an application were made.
