Details of the pre-application advice received
The proposed outbuilding is of a scale and footprint that would be considered as a separate dwelling rather than that of an outbuilding incidental or ancillary to the host property. To reiterate comments provided on previous applications of a similar scheme, the outbuilding would be considered to harm the setting, character and appearance of the Grade II Listed Building and Conservation Area and therefore cannot be regarded as a positive contribution to the heritage assets. The application is unlikely to receive support from officer due to the harm caused to the setting of the Listed Building and Conservation Area.
Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
