Site visit

Details of the pre-application advice received

The purpose of her visit was to look at roof structural repairs in progress to enable clearance of conditions in the listed buildings consent for the roof repairs.

On opening up the roof we found the gables to be inadequate 20th century construction and in discussion with Kathleen Fisher she supported the replacement with lime render and timber framed construction.

The dormers were found to be 20th century plywood box construction. Kathleen Fisher advised replacement but with flatter topped dormers to replace the catslide dormers as these would be more appropriate.

- (a) a member of staff
- (b) an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
