Description of Proposed Works
Please describe the proposed works
Front boundary alterations
This retrospective planning application, advised by Charlotte Tovey, focuses on a front boundary alteration involving an increase in the existing wall's height and a transition from brick to a grey-painted render. It is driven by security concerns. The modification aligns with the street scene, mirroring neighboring properties inclduing those on the same side of the road. The render, matching the property's mock Tudor style and grey windows, ensures visual cohesion. Importantly, the altered wall retains its original depth and shape, maintaining pedestrian and vehicle access with no changes, while also complying with visibility splay regulations.
