

Project Addison House, 23 Green Lane, Fordingbridge
Project no. 2115
Date 12th December 2023
Project Brief New development of 4 houses within grounds of existing house

High Speed Broadband Statement

The proposals for 23 Green Lane, Fordingbridge, include the construction of 4 residential dwellings on an established residential site.

High speed broadband connections are currently being installed in Fordingbridge by Giganet.

This will be installed on the site, 900mb/s, full fibre network, prior to the completion of the new dwellings.
