Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

- Objection

Comment: I object the construction of the single storey front infill extension.

It will significantly affect our light at the front of our property. There will be hardly any natural light in our living area and our view from our window will be a brick wall. It will also completely box in our front door area. Other properties in our street that have built this extension at the front of their property did so at the same time as their adjoining neighbour.
