Condition(s) - Variation/Removal

Please state why you wish the condition(s) to be removed or changed

We are installing an Electric Vehicle charging point and are unable to find a safe solution which would disable the use of the turning circle, other than manually, whilst charging the vehicle which could result in electric shock risk or damage to property.

The exit point from the property is onto a private drive where vehicles travel at a low speed and poses no threat to other road users.

If you wish the existing condition to be changed, please state how you wish the condition to be varied

I propose the installation of a driveway exit mirror to give full visibility of the private drive to which the vehicle is entering.
