Description of Proposed Works
Please describe the proposed works
We would like to erect a flat roofed outbuilding in our garden. It will be made of wood and the dimensions are: 6.32M X 3.6M and under 2.5m
The outbuilding will be in our garden, to the side of our house but within a hedge and fence line (the house is a corner plot with a wrap around garden). It is also behind the front of the principle elevation of the house which is our garage.
Has the work already been started without consent?

See site plan
Will any trees or hedges need to be removed or pruned in order to carry out your proposal?
✓ Yes○ No
If Yes, please show on the plans, indicating the scale, which trees by giving them numbers (e.g. T1, T2 etc) and state the reference number of any plans or drawings
There is currently a row of laylandii that will be positioned behind the outbuilding when it is erected (see site plans). Our intention is to keep the laylandii in place in the hope that the light it recieves from the other side of the fence will allow it to remain healthy enough to grow. Should it begin to die it will need to be removed at some point. The laylandii will obscure the outbuilding from the road as it is the same height as the outbuilding. If it is removed then there will be a portion of the back of the outbuilding that will be visible from the front of the property between top of the fence and the roof of the outbuilding.
