

# SOME BLOKE...

All boundary treatments, landscaping & trees to remain, as is.  
 No works proposed to heritage asset elements of dwelling.  
 All works should follow good practice for working in the proximity of trees with suitable propped Heras type fencing set 1m outside of tree root protection zones (marked TPZ on plan, established as a radius of 1/2 x trunk diameter measured 1.5m above ground as illustrated on accompanying plans during the construction period and no construction materials stored under the tree canopy. Similarly, the Contractor is to ensure care be taken to ensure no damage occurs to existing trees along The Street during delivery of plant and materials to site.
