Details of the pre-application advice received

"The proposal is acceptable in principle and the contemporary design, however the scale of the extensions and alterations would need to be significantly amended, reducing the ridge and eaves height, in order for it to be supported due to the impact on the street scene, character of the surrounding area and the relationship with the neighbouring properties"

Since pre-application we have revised the scheme accordingly and as follows:

- Reduction of ridge and eaves height
- Skillion roof omitted
- Roof form chosen to reflect existing form
- General mass in the street scene reduced
- Street scene studies and review of surrounding buildings to inform plan form, plan depth and elevation height.

We feel the revised scheme reflects the comments provided at pre-app and resolves issues which may have caused contention in the previous scheme.

## Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
- No
