Name: [REDACTED]

Address [REDACTED] North end farm Park Corner Road Betsham Kent

Comment Details

Commenter Type: neighbour letter

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: The application for the installation of solar panels is a stepping stone for full Industrial use.

It is highly unlikely the panels will ever be installed as it is likely to be financially non productive. Storefast/Kirby will try for industrial planning once permission for the solar panels is in place

What DBC must remember this is Greenbelt land and while Storefast/Kirby do not treat it like Greenbelt we must protect it from them.

I still don't think they have completed all the works from their public inquiry that was upheld a couple of years ago.

This must not happen like their last planning application walkover was granted even though people agreed it was not a good idea.

Furthermore there is no need to install on Greenbelt as they can use roofspace to install the panels.
