Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Hi can you explain that the planning application letter arrived a month after it had been built and up and running and without any consultation?

The noise from the shows is loud and worse still the noise from the generators sometimes go on throughout the day and also sometimes at ridiculous early am times?

How long is going up for as have been advised by builders this will be up for 5 years ?and not just while the orchard is being refurbished.

Are we going to get council tax rebate ?or compensation for the noise from every show that is put on .we already have to put up with a lot of noise and adding this structure is just adding to it

?thank you
