Summary:

The principle of the development in Green Belt terms is acceptable. I am concerned that the proposed path does not follow the natural contours of the land and the design and routing should be reconsidered to minimise its impact on the landscape. You should consider whether the existing path can be utilised to minimise this impact. Additional information would be required as detailed in the relevant sections to ensure that any potential impacts can be fully assessed to ensure the proposal would not have any wider adverse impacts.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
- No

If yes, please provide details of their name, role, and how they are related:
