## **Description of Proposed Works**

Please describe the proposed works

We plan to install gates on our property similar to the majority of houses in our road. We are very concerned on the subject of security as we are Jewish and our property has insignia on the doors which identify us a Jewish and on top the the danger to life we are also concerned about the general issue of residential security against burglary and trespass as we are away from our home 12-15 weeks per annum. The Gates will assist enormously in my families concerns.

A second Arborists report is included on the effect of the gates on the as yet unplanted tree.

Details of the pre-application advice received

I have spoken to and been in regular correspondence with Jimill Patel and he has been of enormous assistance. A previous application was refused because of the height of the gates and because of the effects on the dead tree. The heights have now been reduced to the required height. The effects on the current dead tree needed an Arborists report and this has now been completed and submitted. The new tree will be planted next Spring and the impact on the sapling by the gates has been assessed by the Arborist

## Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

(b) an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
