Description of Proposal			
Please describe the proposal including any change of use: * (Max 500 characters)			
The submission is for the erection of an external staircase to serve the 1st floor area of 8 Tweedside Drive. The first floor was originally the plant room for the former Barbour Factory but as the equipment has been removed it is intended to provide the staircase to allow access to this area. The only access is currently by ladders as the area was only accessed by maintenance workers. The design of the staircase will use facing bricks similar to the existing building with glazed balistrades			
s this a temporary permission? *			
f a change of use is to be included in the proposal has it already taken place? Yes X No Answer 'No' if there is no change of use.) *			
las the work already been started and/or completed? *

Please state date of completion, or if not completed, the start date (dd/mm/yyyy): * 12/07/2022			
Please explain why work has taken place in advance of making this application: * (Max 500 characters)			
As the footprint of the staircase was under 18m2, it was thought that planning permission was not required. The gable of the wall where the staircase is located is well screened and not visible except when adjacent to the gable wall. The ground all around the building is owned by the applicant and thus the provision of the staircase does not impact on any other businesses. Without the staircase the 1st floor is inaccessible.
