Listed Building Consent 20/0781/FUL & 20/0782/LBC

29th November 2023

Details of the method of fixing for slate roof covering:

- Strip off existing roman tiles from barn 1, 2 and 3 and set aside on pallets.
- Construct new oak roof structure, rafters etc as detailed by structural engineer.
- Lay new bitumen roofing felt (in accordance with Ecological Report) with tanalised roofing battens.
- Fix approved slates fixed with copper nails to British Standards.
- Approved Reclaimed Ridge and hip tiles with hip irons to be bedded with 1:1:6 (1 cement, 1 lime, 6 sand) mix
