Darby Green Road	Blackwater	GU17 0DT

Area of site in hectares	Planning reference number (optional)
0.158	23/02652/FUL

Please confirm if part of the site falls into an identified "causal area"

No

What is your proposed betterment option and back up option? (please select all that apply)

Surface water is being disposed of by infiltration;The development will reduce the existing impermeable area;Rain garden planters in addition to a drainage strategy;Provision of large (200 litre plus) water butts (at least one per dwelling) in addition to an approved drainage strategy;Provision of a rainwater harvesting system;Provision of sustainable drainage systems provide water quality as well as water quantity benefits (non-major developments only);Reduces flood risk from any source

If other, please outline your proposal

--

What is the back up option for the site?

It is intended for the above to be viable for this site, and given the number of proposed betterments it is considered for this to be considered acceptable.

Please upload any additional information about the proposed type of betterment

https://cms.hart.gov.uk/system/files/webform/flooding_impact_form/7485/Design%20and%20Access%20Statement%20181223.pdf

Please provide a plan for the site with the proposed type of betterment
