

Manor Heath, Knowle Hill, GU22 7HL

Reasons For Work Statement/Verification

Trees within a Conservation Area to be removed or pruned to prevent damage to structures, allow light to the property and house and allow for access for maintenance and management.

All removed trees will be replaced at a 1:1 ratio with a variety of species to increase biodiversity and arboricultural/amenity value.

We verify that all evidence and dates are current and exact at the date below.
