

General Notes:

All dimensions are in mm, unless otherwise stated and
 provide design intent only. All sizes must be checked on
 site prior to construction of all elements.

Drawings to be read in conjunction with all approved
 consultant, manufacturer and sub-contractor information.

All consultants/contractors remain responsible for
 checking and verifying the appropriate layouts,
 dimensions and details contained within this drawing.

Any conflicting information, discrepancies, errors or
 adjustments noted by consultants - or appointed
 contractors - to be brought to the attention of CAP.Co in
 writing immediately and prior to commencement on site.
