Details of the pre-application advice received

The creation of the balcony/ terraced area by removing a section of the roof in front of the existing dormer with revised fenestration would likely be supported based on the drawings submitted with the pre-application and subject to the below recommendations.

Whilst the removal of part of the roof to create a terrace would cause additional harm to the appearance of the building, as the proposal reinstates the area of the roof that previously provided access to the fire escape along with the removal of the guard rail, the alterations could be seen as an improvement which would mitigate this harm.

The drawings show a design that is considered to largely overcome the previous objection to the terrace and subsequently dismissed appeal.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
