Conclusion The site is located within the settlement confines and the proposal would accord with Policy DM1. The proposed development would also accord with Policy DM25 (relating to open space) as the proposal would be a small-scale development ancillary to the enjoyment of the open space' As such, the proposal accords with this policy and in principle is considered acceptable. As set out above careful consideration needs to be given to the detailing of the clubhouse and also how the residential amenities of those occupiers within Liverpool Road and Archery Square will not be adversely impacted upon.
