

Portland Street

Materials to be used.

Existing 2 storey element retained and not rebuilt, therefore materials will remain as existing. If any repairs are made these will be in a matching brick or slate.

A rooflight will be added to the roof of the rear 2 storey projection - VeluxGGU0070 MK08 with recessed flashing.

Rooflights to single storey extension will be similar to the Velux Vario. Details enclosed. <https://vario.velux.com/products?consent=preferences,statistics,marketing&ref-original=https%3A%2F%2Fwww.google.com%2F>

Sliding doors will be slim black aluminium frames, as per Express XP Glide - <https://www.expressbifolds.co.uk/our-products/sliding-doors/xp-glide/>

Cladding to single storey extension will be Zinc Pigmento Red - <https://zincroofingcompany.com/projects/vm-zinc-pigmento-red/>
