Heritage Double Glazed Timber Sash & Case Window

All our Sash and Case Windows are manufactured in our production style workshop, by a highly experienced team of bench hand joiners, who can manufacture windows in either boxed, angled and curved styles, suitable for single glazing, double glazing and heritage slim double glazing.

We provide all our customers with superior quality, made to measure sash and case windows, We have designed and invested in specialised tooling that allows us to replicate any sash and astragal moulds as well as our sashes having superior stronger shoulder joints.
